Rainstorms Hit Western States, Clear Elsewhere

By UNITED PRESS

Thunderstorms rolled over the western states early today rattling windows and sending small streams over their banks.

Heaviest rainfall was reported at Medford, Ore., where a shower left 1.67 inches of water on the countryside. The storms, beginning in Nevada and Northern California, spread eastward into the Midwest as far as Michigan.

Rainfall in Missouri and Iowa amounted to as much as one-half inch while other sections measured less than one-tenth inch.

Warm weather ahead of the storms caused snow to melt rapidly in the mountains. Rivers in Western Washington and Idaho were expected to reach flood stage Sunday and cause some damage to low-lying farms.

Clear, sunny weather dominated the rest of the nation by early morning from Texas to the Atlantic Coast as far north as New England.

Wichita, Kan., sweltered yesterday when the mercury climbed to a record 99 degrees. Hot weather baked Blythe and Thermal, Calif., and Yuma, Ariz., where readings as high as 105 were recorded.

Charles Brannan in Senate Race

DENVER P.—Charles F. Brannan, secretary of agriculture under President Truman and an arch foe of Ezra T. Benson's present agriculture policies, announced today he will seek the Democratic nomination for the U.S. Senate in Colorado.

The announcement had been expected. Brannan is not likely to be seriously opposed within the Democratic party.

He will contest the Senate seat now held by Eugene D. Millikin, a Republican who was until a recent illness an important finance advisor in the Eisenhower administration.

Brannan is an advocate of high support prices and agricultural abundance.

Father Admits Paper Slaying of His Baby

Suspect Held For Abusing Child Reveals Murder

ALHAMBRA (AP)—Donald Bradshaw, 23, who said he tried to avoid being left alone with his nine-month-old son, has admitted killing the infant in a fit of anger by stuffing toilet paper down his throat, police said today.

The admission followed interrogation of Bradshaw whose wife, Adrienne, was away from home at the time of the baby's death April 21. Bradshaw, a bookkeeper, was arrested Friday night.

Bradshaw, who previously had jerked the baby's arm and broken it and held his forehead against a gas heater, had claimed the death was accidental. He said at first that his son, Timmy, had gotten the paper and choked on it.

The suspect later admitted he became angry when the baby was crying and stuffed the paper down his throat. "I tried to pull it out, but it wouldn't come out," he said.

Bradshaw told police he resented the baby's favoring his wife. He said that he had tried to avoid being left alone with Timmy, who was the couple's only child.

An investigation as to the cause of the crash is now under way.

3 Held in \$3000 DHS Robbery

Three men were held to answer in Riverside Superior Court for the robbery of the A. O. Galvin residence in Desert Hot Springs, by Judge Eugene Theriault yesterday afternoon.

In custody in the Riverside county jail are James H. McCarty, 21, Francis E. Carpenter, 21, and Richard W. Preuss, 23, who were arrested by Deputy Sheriffs Carroll Vogelaar and Paul Lewis, after three months of investigation.

The three men, all ex-Marines, are charged with the robbery of a garage and storeroom, from which they are accused of stealing \$3,000 worth of jewelry, household effects, food and liquor.

It's a wise man who profits by his own experience, but it's a good deal wiser one who lets the rattlesnake bite the other fellow.

350 Entries Poised for Frog Jumping Olympics at Angeles Camp Tomorrow

ANGELES CAMP, Calif. (AP)—Some 14,000 persons are expected to watch the lowly frogs hop, skip and jump at the 30th annual international frog jumping olympics this weekend.

The half-serious, half-humorous event started in 1927 in tribute to Mark Twain's story about the jumping frog of Calaveras County. The story involved a gambler and a frog which failed to win a bet because it was loaded with buckshot.

Some 340 ready-to-hop entries were on hand, with the possibility of another 350 signing up at the last minute, Carl T. Mills, publicity chairman of the event, said. Among the jumpers are entries from Japan, Australia, South Africa and Ireland.

The jumping frog event is

Firemen's Fish Fry is Tonight at O'Donnell Club

There'll be ticket scalpers around the Alejo entrance of the O'Donnell Golf Course tonight—at least nobody will be surprised if they are.

Tonight at 7:30 p.m. the annual Fireman's Fish Fry takes place there and it's an event highlighted by the attendance of just plain villagers.

There are usually more hometown folks at this event than any other held in Palm Springs. And as the time for the festivities begins the annual scramble for the \$2 tickets begins.

The reason: Just so many trout are obtained from Whitewater Hatchery, and there are only so many fresh ears of roasted Coachella Valley corn to serve.

This morning the fire department revealed there were only ten tickets left of the 300 that were to be sold.

Net proceeds from these fish and corn affairs are used by the Palm Springs Fire Department to purchase life saving equipment.

Democrats' Top Convention Aide Quits in Silence

CHICAGO (AP)—William Neal Roach resigned as convention manager for the Democratic National Committee less than three months before the party's presidential nominating convention opens here, and he refused today to say why.

"If I could tell anybody, I would," said the 34-year-old Roach, a resident of Bethesda, Md., "but I just can't."

"I'm going to leave Chicago today and fly back to Washington," he told the United Press. "I'll be there tomorrow and what I'll do after that, I just don't know."

Firmly declining to discuss his reasons, he said, "I plan to remain a Democrat for the rest of my life."

Roach has been with the committee since 1929.

Rebels Hack 3 to Death in Algeria

Woman Among Four Victims Of Reprisal Ambush

ALGIERS, Algeria (AP)—Algerian Nationalists hacked to death three Europeans, one of them a woman, and seriously wounded a fourth person in an ambush at Djidjelli today.

The attack coincided with death sentences for three Nationalists handed down in Algiers by a French military court. They were convicted for murder and armed rebellion.

Arab Nationalists also struck in Algiers. They shot and wounded a French army captain near the Casbah, the Arab district of the city. A Moslem woman passerby was wounded slightly by a stray bullet. French police launched a house to house search.

British Cabinet Guarded Against Cypriot Reprisals

LONDON (AP)—Armed police are guarding British cabinet ministers against Cypriot triggermen seeking to avenge the British execution of two of their compatriots on Cyprus, it was reported today.

Lord Beaverbrook's Daily Express, in a bannerline story by its chief police reporter, said Scotland Yard took extra precautions on the basis of secret information that pro-Greek Cypriot agents in London were planning reprisals.

Scotland Yard steadfastly refused to comment on security precautions for government leaders. Eoka, the underground organization seeking to unite Cyprus with Greece, already has claimed to have hanged two British soldiers in answer to the British executions on Cyprus.

The Express said Eoka is said to be planning more reprisals in London.

In Nicosia, the capital of Cyprus, British security forces arrested a cousin of the suspected leader of the underground Eoka movement.

He is Andreas Savvides, first cousin of ex-Gen. George Grivas, former Greek guerrilla fighter believed to be the man named "Digenis" who is leading the anti-British fighting in Cyprus.

The Daily Express said armed police are watching the homes of British cabinet ministers and at least four of the ministers have two armed Scotland Yard bodyguards shadowing them.

Particularly guarded, the Express said, were Foreign Secretary Selwyn Lloyd Colonial Secretary Alan Lennox-Boyd, War Secretary Anthony Head and R. A. Butler, government leader in the House of Commons.

David H. King, Youth Worker, Dies Here at 56

DAVID H. KING

David H. King, 56, member of the city personnel board and desert area insurance man, died at his home last night of a heart attack.

He was born in Mountain City, Tennessee, has lived in California for 55 years and in Palm Springs nine years.

In this community, aside from his duties of the city personnel board, King was active with all youth organizations, an elder of the Community Church, and a teacher of the high school class at that church.

His work with teenagers and youth had brought him recognition from law enforcement agencies with which he worked.

He is survived by his wife, Helen, and son, Robert, of 1144 San Jacinto Way, and his mother-in-law, Mrs. Helen S. Baker of Palm Springs and La Jolla.

Funeral service will be held at 2 p.m., Monday at the Palm Springs Community Church, with Dr. James H. Blackstone, Jr., officiating. Services will be followed by cremation, with Wiefels and Son Mortuary in charge.

The family has requested that, instead of flowers, contributions be made to a Memorial Fund for Youth Work through the Community Church.

Birds are Now Town's Official Weather Seers

CLEETHORPES, England (AP)—Mayor Jack Oslear appointed a night watchman to start watching swallows each dawn because he got tired of "inaccurate" scientific government weather forecasts.

If the seaside swallows swoop low to catch gnats in the morning, rain notices will be posted. If they fly high it will mean a clear day ahead.

Adlai Stevenson Evident Winner in Oregon Vote

PORTLAND, Ore. (AP)—Adlai Stevenson apparently had won another round in his battle for the Democratic presidential nomination, today, as he maintained a nearly 2-to-1 lead over Sen. Estes Kefauver in Friday's Oregon primary election.

It was a crucial test for the former Illinois Governor who had to win the Oregon primary to wipe out the stinging defeat he suffered at the hands of Kefauver in the Minnesota primary.

With incomplete returns in from half the state's precincts, Stevenson had a commanding lead over the lanky Tennessean.

Neither was on the ballot but both campaigned vigorously for write-in votes.

Stevenson, campaigning in Florida, said he was "delighted" over his showing. He said he held a "much larger" margin over Kefauver than he had anticipated, although he said "I expected to win when I was in Oregon."

Kefauver in Washington, D.C., said he would withhold comment until after he conferred with his Oregon campaign manager.

It was in Oregon in 1952 that Kefauver scored an overwhelming victory over Stevenson but at that time Stevenson had not committed himself as a candidate.

Incomplete, unofficial returns from 1892 of the state's 2,519 precincts gave Stevenson 44,489 votes to 29,824 for Kefauver in their bid for Oregon's 16 Democratic National Convention delegates.

President Eisenhower had 93,380 votes. He was unopposed and will have Oregon's 18 GOP delegates to the nominating convention in San Francisco in August.

Vice President Richard Nixon polled 16,161 write-in votes for vice president on the GOP ticket.

The rally at Tamarisk Park will find the famed comedian going through some of his well known routines. In addition Jack Boyer's "Chuckwagon" will be stationed at the park to serve hot dogs and burgers. Free tickets are available from members of the Palm Springs committee for Miss Cochran.

Earlier Miss Cochran will appear from 10:30 a.m. to 12:30 p.m. at her headquarters here, 290 North Indian Avenue, followed by a "Dutch Treat" luncheon at the La Petite Marmite Cafe at the corner of Palm Canyon and Arenas Road.

The day's event is being staged by the Palm Springs committee for the election of Jacqueline Cochran Odium for Congress.

PlayerStage to Give Prize Winning Play

William Inge's award winning play, "Come Back, Little Sheba" will be the next offering on the all year round schedule of the Palm Springs Playerstage.

The Playerstage summer season gets off to a star-studded start with this most famous contemporary theatre masterpiece, "Come Back, Little Sheba," as a play won more accumulated awards than any other play of our time and the awards bestowed upon the leading roles, included Tony Award for best actor, Perry Award, best actress. The film adaptation again took top honors in the Academy Awards with Shirley Booth winning Best Actress Oscar.

The Playerstage following its policy of challenging theatre presentations promises this play will run the gamut of emotions to satisfy humor, drama, pathos, and tears. Opening dates are expected to be announced by Director Martin Beck, within the next several days.

Absence of Christ to be Sermon Topic

"The Absence of Christ" will be the sermon topic this Sunday at the 9:30 a.m. worship of the First Baptist Church in Indio. The Rev. Richard A. Uzzel, minister, will bring the message. Miss Marcy Hagerty will render a vocal solo, accompanied by Mrs. Don Dutton at the organ.

Holy Communion to be Celebrated at Two Services

In celebration of Whitsunday, Holy Communion will be celebrated at St. Paul's in the desert at both the 8 and 11 a.m. services tomorrow. Whitsunday, or Pentecost, marks the 50th day following Easter, finishing the cycle in the life of Christ which began with Lent. Whitsunday is the day set aside in recognition of the coming of the Holy Ghost, as recorded in the Book of the Acts of the Apostles.

"Because Whitsunday is a holy day of obligation, all church members should make an effort to receive communion at one of the services tomorrow," announced the rector, Father William Blondon.

The 11 a.m. service will be a choral Eucharist, and will include sermon by the rector. The family service and church school will meet at 9:15 a.m., followed by classes for all ages at 10 a.m.

'Spiritual Life' to be Subject at Community

The Sunday School, with classes for all age groups, meets at 9:30 at the Community Church of Palm Springs. The morning worship service begins at 11 a.m. and Dr. James H. Blackstone, Jr., pastor, has been chosen for the topic of his sermon "The Spiritual Life."

The Chancel Choir under the direction of Elmer Young will sing Hallelujah from "Mount of Olives" by Beethoven, and will be accompanied by Mrs. Lois Lux.

The Junior High Christian Endeavor Society will meet at 6:15 in the Youth Chapel and will have a panel discussion on "Can a Christian Be Popular." The High School Christian Endeavor meets at the same time in the church parlor and they will have Rev. Gordon S. Trew as a special speaker.

Rev. Gordon S. Trew will bring a message in the evening service on "Evangelical Missions in Brazil." He went to Brazil in 1945 and worked in itinerant evangelism under Central Brazil Mission of Presbyterian Church in the state of Bahia. During his second term he divided his time between continuation of the old work and service as director of Instituto Ponte Novo, Bahia. In August he was assigned to Montes Claros field, state of Minas Gerais. When he went to Brazil 10 years ago he rode a mule; returned in 1950 to drive a jeep, now he is learning to fly.

Dr. Edwin Dingle to be Speaker

Dr. Edwin J. Dingle, head of the First Church of Mystic Christianity (of Los Angeles) and founder of the Science of Mentalphysics, will speak Sunday at a special service at 10:45 a.m. at the New City of Mentalphysics in Yucca Valley. His subject is to be "Mystery of the Light of Universal Mind."

Buckwheat grows in a wider variety of soil types than any other grain crop.

'Soul and Body' to be Christian Science Sermon

"Soul and Body" will be the subject of the Sunday Lesson-Sermon in all Christian Science churches. The correlative passages in this sermon are from the ordained pastor, the Bible and "Science and Health with Key to the Scriptures" by Mary Baker Eddy and are directed toward spiritualizing the human concept of Soul and of body.

Included in the sermon is this record of the Apostle Paul: "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens" (II Corinthians 5:1).

In the Christian Science textbook, "Science and Health with Key to the Scriptures" Mrs. Eddy affirms, "When you say, 'Man's body is material,' I say with Paul: Be 'willing rather to be absent from the body, and to be present with the Lord.'" Again she says, "Fixing your gaze on the realities supernal, you will rise to the spiritual consciousness of being, even as the bird which has burst from the egg and preens its wings for a skyward flight." (pp. 216, 261)

The Golden Text of the Lesson-Sermon is from the Psalms (84:2).

EDITOR'S CORNER

By OLIVER B. JAYNES

Fame of Palm Springs

Down in the South I find that the Palm Springs area is best known for: 1) Jack Benny's programs; 2) A place where the movie people vacation; 3) Zaddie Bunker, the flying great-grandmother and another famous flyer, Jackie Cochran, who has made Time and Life since she became a candidate for Congress. A lot of people also know Palm Springs as a winter golf center, and both Thunderbird and Tamarisk have members in cities from coast to coast.

Palm Springs is known to ten times as many people as it was a few years ago—at least it seems that way to me. It used to be that many people thought it was in Florida—and many of them who knew it was in California believed it to be a beach resort. Seldom do people have it confused any more.

There is a Palm Springs in Florida, by the way. It is south of Miami. A new community development on Highway 60 east of Phoenix is also called Palm Springs. Neither of these places that have taken the famous name are incorporated towns, however.

Zaddie Bunker made quite a hit with a lot of people in the South last summer when she flew in the Powder Puff derby from Washington to Key West. She has had lots of stories in the papers and is a great booster for her home town. Her energy and robust health serve as a wonderful testimonial for Palm Springs' healthful climate.

A lot of people I have talked to think that smog covers all of Southern California—including Palm Springs. They are, of course, those who have not visited the West Coast. The false idea stems from so many reports that have gone out across the nation about the Los Angeles smog. Nevertheless, almost all of those

who have never been there express the hope that some time they will get to visit California...

And see Palm Springs, too!

Cuff Notes on the South: A new effort will be made this year to get more information on the dreaded hurricanes. High altitude rockets and planes from Florida bases will be used to photograph the storms and gather information which it is hoped will lead to more accurate hurricane forecasting. With the new data weathermen expect ultimately to find a means of "steering" hurricanes a few hundred miles off their course by seeding a corner of a newly formed storm with dry ice. The research planes will fly from 1000 to 42,000 feet and will begin operations this month.

A cargo air line that has been flying everything from boa constrictors to baby elephants has a new assignment which it says is a howling success. Riddle Airline, which operates along the Eastern seaboard and to the Caribbean, is transporting racing greyhounds by air from one dog track to another. They carry between 50 and 100 in a flight and say the sleek racers get as good care as their masters would get as passengers.

Laws against dumping and throwing trash along the highways are being enforced much more strictly in the Southern states and the roads are beginning to look a lot better down this way. Some \$50 fines have been assessed against litterbugs. In Coral Gables, Florida, Mrs. Judy Knisley is putting on a one-woman campaign against offenders by driving around in her little sports car and catching them in the act—for which she gets a \$25 reward. She doesn't do it for the reward, she says, but because her son was bitten by a raccoon which had rabies it got from eating garbage dumped on the roadside.

ROBERT S. ALLEN:

WASHINGTON

WAAHINGTON — Pope Pius XII has written a brilliant monograph on coronary heart disease.

The result of months of intensive study by the Pontiff, the treatise is deemed so extraordinary by Dr. Dudley White and other noted heart specialists that they have selected it as the leading article in a symposium being published on this subject.

The outstanding paper was read to the physicians by the Pope himself when they visited him in the Vatican.

The Holy Father's deep interest in heart ailments was disclosed by Dr. White at a meeting with the Senate Appropriations Committee. The famed Boston consultant to President Eisenhower conferred with the Committee on a \$1,500,000 special research fund for the National Advisory Heart Council, of which he is executive director.

"Some 25 of us cardiologists from a dozen countries had the privilege of talking with the Pope while we were in Rome," related Dr. White. "It was a uniquely interesting and informative discussion. The Pope read up a study on coronary heart disease that is one of the best I have ever heard. He wrote it himself after months of work on the subject."

"The Pope stressed the importance of studying the relationship of various aspects of coronary heart disease, such as changes in the artery wall, the blood, the nervous system, and nervous strains. We were so impressed by the brilliance of Pope Pius' manuscript that we urged it be published in the symposium. THIS was very gratifying to him he gave his consent."

The question of surgery as a cure for heart disease was brought up by Senator Lister Hill (D-Ala.).

Dr. White replied he isn't ready to recommend that as yet. "I have patients in various places just waiting for the word that it is safe to have something done along that line," he said. "One of them is in Ecuador, another in South Africa, a number here at home. But we are not quite ready to recommend heart surgery at this time."

WASHINGTON

The urgent importance of more research was strongly stressed by the specialist. He cited one particular project that had to be dropped last year for lack of funds.

"We needed \$100,000 for geographical cardiovascular research," explained Dr. White, "but the money wasn't available and this very necessary work couldn't be done. This year a few of us undertook it with our own money and we've made a little headway. But millions of dollars will eventually be needed to solve the heart problem."

"It is an extremely complex and difficult one, because there are a multitude of individual differences and combinations of them. For the present, we feel that the major part of our research in the cardiovascular field should be directed to the study and prevention of the diseases of the arteries of the body."

Dr. White also told the senators that he plans to give up the executive directorship of the National Advisory Heart Council later this year. But he will continue as president of the International Society of Cardiology.

SMOKING IN CLEAR — Another leading heart authority declared there is "no completely valid evidence" that smoking causes heart disease.

It may exaggerate some of the symptoms, but it doesn't produce the ailment.

Also the use of anti-coagulants, such as President Eisenhower is taking, is helpful, but not a permanent cure. There is still no way of accurately foretelling whether a heart attack will or won't recur.

Dr. Irving S. Wright, professor of clinical medicine at Cornell Medical College, made these statements in reply to direct questions by Committeemen.

He disclosed the anti-coagulant being used by the President is dicoumarol.

"Are anti-coagulants used only in cases where thrombosis is involved?" asked Senator Lister Hill (D-Ala.).

"No," said Dr. Wright. "We are now attempting to build up

WASHINGTON REPORT

WASHINGTON

a large series of carefully-controlled cases comparing patients treated with anti-coagulants and those not treated with them. We are trying to determine the effect of this treatment. . . . So far we have observed that many patients who survive the first attack have a series of thrombotic complications in the succeeding years.

"For example: A patient will have a cerebral thrombosis or stroke. Thereafter he may have a coronary thrombosis or a closure of an artery in a leg, followed by another stroke. This may be a continuing tragic history. There is apparently a frequent relationship between thrombosis and arteriosclerosis of the brain and the heart."

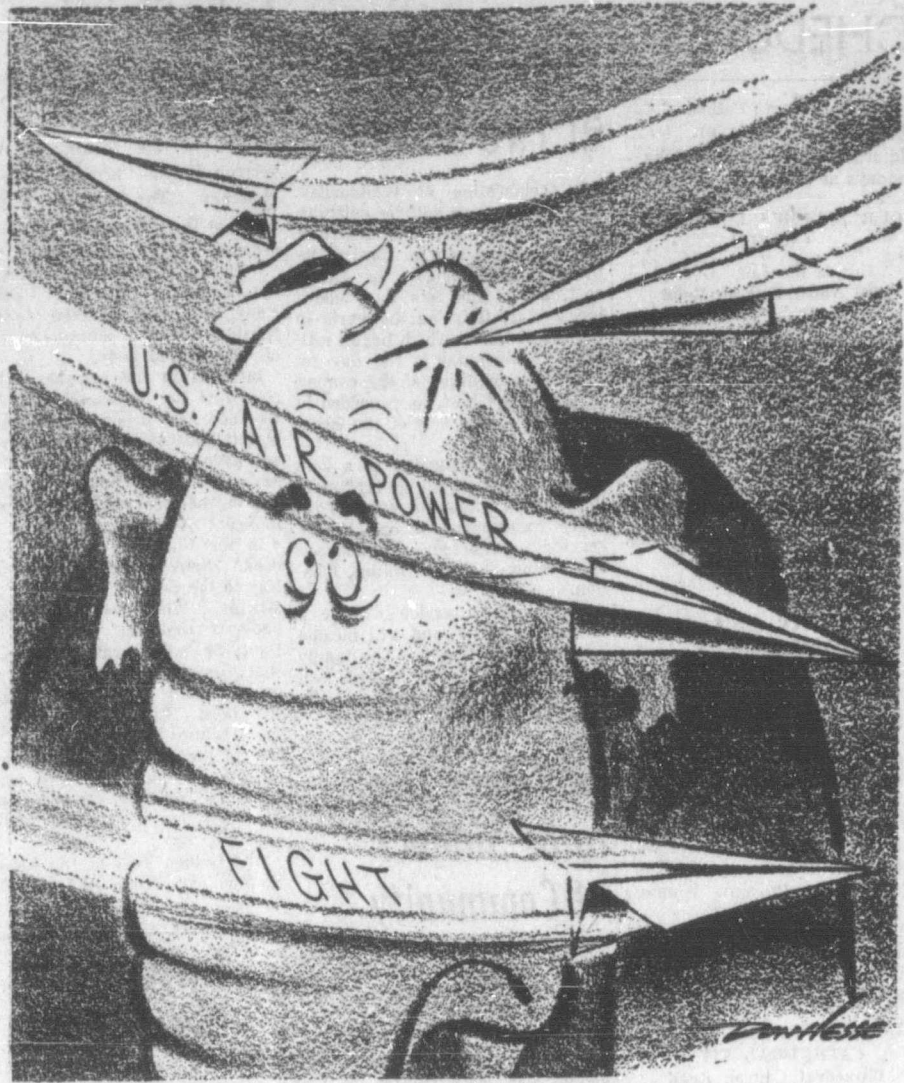

Dr. Wright emphasized that "this field is just opening" and much more research is required before definite conclusions can be reached.

"From our preliminary studies there is strong evidence," he told the senators, "that heart patients tend to live longer and with fewer complications when they are on couagulant therapy. The observations of Dr. Clark Milikan and his colleagues at Mayo Clinic are identical with ours."

SPARKS — Speaker Sam Rayburn, Tex., co-author with the late Senator George Norris, Neb., of the Rural Electrification Act, will be the guest speaker at the cornerstone ceremony on Sunday of the new headquarters building being erected in Washington by the National Rural Electric Cooperative Association. . . . Senator H. Alexander Smith, N. J., is a life-long Republican and a devoted supporter of President Eisenhower, but admits once voting for a Democrat. Says Smith, "In 1912 I voted for Woodrow Wilson for President and I've never regretted it."

Smith was a pupil of the late President when he taught at Princeton University. . . . Representative George Miller (D-Calif.), member of the House Armed Services Committee, is making a comprehensive study of Air Force bases to determine whether they are sufficiently dispersed for safety purposes.

Harassment From the Galleries

THIS SIDE of The Sun By Phat

EVERY morning when I wake up and gaze out of the window with the thought that if weren't for PDT, I'd have another hour to dream, I see a trail of yellow smoke floating downhill toward Thousand Palms and the Coachella Valley.

It's from a plant on the other side of the broad mouth of the pass.

And every morning I am glad it is on that side of the pass and that the valiant citizens of Palm Springs stayed off that cement plant on this side. It could have happened here.

ON MOST MORNINGS you also see a blue haze drifting eastward out of the Pass. That's the overflow from coastal smog. But, thanks to the prevailing wind, the smog by-passes us. Seems to me they could do the same for heavy and harassed, hurried traffic. By-pass us.

Then we wouldn't have heavy trucks rumbling up Palm Canyon Drive and Indian Avenue, jamming up traffic in the busy season and awakening visitors in our hotels with their shifting gears.

Because, coming to think of it, most of the year is now our busy season.

THE NATIONAL spelling champion credits her victory to the fact that each evening she studied the dictionary, memorizing the hard words. Reminds me of a fellow I know who thought he would get smart by reading all of the Encyclopedia.

He gave up in disgust two or three months later when he had barely finished the Bs and found the As were already 15 per cent out of date in this fast-moving world.

Some of the many new wonderful inventions are not all unmix-ed blessings. There's a wrist watch radio now on the market that will pick up stations 40 miles away.

Think of never being able to get away from those singing commercials!

RADAR CHECKS on speed of automobiles have brought about a change in thinking of traffic experts. They are recommending that some 25-mile zones be changed to 30 mile zones.

This will make honest men and women out of many drivers. It will also solve a problem for conscientious drivers who are puzzled on what to do when they see a 25-Mile-Zone sign next to a traffic light sign which advises: "Signals set for 30 miles an hour."

It is either a question of breaking the speed law or getting hung up by the red light at every intersection.

I LIKE THIS story told me the other day. I don't know whether the teller read it somewhere, heard it on the air or what, so I'm sorry I cannot give due credit.

It involves two friends who met. Friend A was exhausted, disheveled, and just plain, as the kids say, pooped.

Said B—"What's the matter with you?"

Answered A—"Well, it was such a nice day I thought I'd lower the top. It took me five hours."

B—"Five hours! What was wrong with your car?"

A—"It isn't a convertible."

THESE recurrent news stories of pantie raids at our big universities cause me to think that high education has fallen to a low level.

Duties of Assessor

EDITOR'S NOTE: This is the last of a series of stories prepared by the State Association of County Assessors on the duties of your county assessor and the services available to you through his office. It is being presented by The Desert Sun because of reassessments made in this area and in other parts of Riverside County.

The total of all assessable property constitutes the tax base and is one of the major sources of revenue for meeting the costs of local government.

In addition to the tax levies set by the various budget-making bodies, the county receives funds from other sources such as state and federal grants for welfare, county roads, motor vehicle license fees, payments in lieu of taxes on some federal housing, health and health centers.

Other sources of revenue are license and permit fees, fines and penalties, rent and sale of properties, and certain fees collected for special and specific services performed by governmental agencies. All of these sources, plus the revenues from the property tax, are considered when the budget-making bodies determine the tax rates.

The questions that come up before the assessor—as before all other governmental representatives—are, "Why are my taxes higher?" and "What do I get for my tax dollar?"

Because of the unprecedented increase in population and additional services that must be supplied to our growing and developing California areas by all branches of government, the cost of doing government business has increased just as anything else. The government buys in the same channels as you do, patronizing local merchants and local labor markets.

In 1950 the number of California State services totaled 14. In 1960 another 25 were added; in 1971 alone there was an increase of 118 and between 1925 and 1935 there were 116 more legislated into existence.

The total of separate, distinct governmental services to the taxpayers now has reached 367.

The costs of home building and real estate have increased over the years, and with the full cash value assessment rule, the chances are that your property has increased in value and sales price which the assessor must follow.

In one California county today if a property is assessed at \$2,200 the 1955-56 tax bill against it will total \$134.08. This figure is made up of \$50.38 for schools; \$37.40 for the city; \$44.32 for the county and \$1.98 for the water authority.

If the property in this same county is valued at \$2,500 on the assessment roll, the figures today are: schools, \$57.25; city, \$42.50; county, \$50.56 and water authority, \$2.25, for a total of \$152.56.

For the money paid to the city government, the taxpayer gets police and fire protection, health protection for the food he buys for his home or in restaurants, park maintenance, recreational facilities and many other services.

The county funds go to pay for services of the sheriff's office, health, legal aid from the district attorney's office, protection of the courts, maintenance of the county jail and he helps care for the aged.

The school levy goes toward kindergartens, grade and high schools and junior high schools for his and his neighbors' children. Much of the school revenue comes from sales taxes which the local taxpayer also pays.

It is the considered opinion of government officials and economists that the American home owner today gets more for his tax dollar than any other dollar he spends.

These questions and answers, though not strictly in the realm of the assessors' duties, are considerations that constantly are before the assessor and his staff.

Any taxpayer in the state will find his county assessor willing to assist him and explain the functions of his particular office and other matters of government operation and expenses with which he is familiar.

BILL RASHALL

Unedited

Rumors have been flying thick and heavy without foundation for months that the present owners of The Desert Inn have sold to others.

Some of these stories have bordered on the vicious edge, unintentionally of course. Most of them have also concerned the future remodeling and construction of buildings on the Inn grounds.

The latest one and absolutely without verification is that Howard Hughes has purchased The Desert Inn. Believe me, if Howard Hughes, who by the way loves this town, had bought The Desert Inn it will not be known until he believes it should be announced.

But I'll go along with a guy by the name of Greg Bautzer, president of the corporation which presently owns The Desert Inn. There is one characteristic about this able attorney and that is he will not evade a question simply and directly put. I have tried to verify some of the rumors but Greg has come up with the statement that "it's not true Bill." I believe him. I have asked him other questions too of course. Some of them he has simply replied I cannot tell you anything at this time, "but if what you ask comes to pass The Desert Sun will be the first to know."

HE HAS NEVER failed in his promises. Now about the Howard Hughes story. Greg returned my telephone call to his home in Beverly Hills and he was simply amazed judging from the tone of his voice.

"It's not true Bill," he said, "I'm absolutely sorry but the story has no foundation in fact."

Now if The Desert Inn is sold—and I do not believe it is, it will be announced in this publication and the story will not hang high in the air without authoritative foundation—such as took place over one of the radio stations yesterday and the day before regarding the story that Howard Hughes had bought the Inn: Dave

Margolis, it was not broadcast by your station; I'd better say that right now before my telephone starts ringing.

Well, by this time you may get an idea about how much I esteem the value of this man Greg Bautzer's word. But now to change to another subject.

Joan Winchell, writing in the society columns of a metropolitan newspaper, sure went off the deep end when she described Palm Springs as an intolerable place in which to live during the month of May. Miss Winchell wrote a yarn about how hot it is here; that the temperature reached a sizzling 105 degrees and more. Actually Miss Winchell, the weather in Palm Springs at the time you wrote your piece was delightful. And at 105 degrees here or even higher the atmosphere lacking in heavy humidity is much more tolerable than 80 in Los Angeles. And you should know too, 'cause you have lived here from time to time. Nice girl Joan.

WELL HERE'S NEWS that's heartening. The California Division of Highways has decided to do something about the soft shoulders of our Highway 111. Extra budgetary expenditure involves hard surfacing, probably black-topping, six feet on each side of the road from near Araby Point to the Palm-to-Pines highway.

The Luau at the Desert Air hotel has all the earmarks of being one of the biggest parties of the closing season. Another party scheduled to take place Tuesday the 22 will be the one hosted by Mr. and Mrs. Tony Cosentino. The locale will be in the Saddle and Sirlion. And here is the surprise: Tony's wife, Grace, and his sister, Mary LaPorte, are going to prepare the miles and miles of spaghetti for more than 150 persons. What a job you're giving those girls Tony! And can they cook!

There's only one guy in town who's wilder than I used to be and that's Red Kenyon, the swimming pool magnate.

EARL WILSON:

Forward March

NEW YORK—Hal March took his pretty bride Candy Toxton to Washington.

Texas' Sam Rayburn kissed her hand and said, "What part of Texas you from, honey?"

"Several Senators went for Candy," the \$64,000 Question master of ceremonies says. Candy, whose mother once took in washings in St. Louis to raise a big family, was impressed with her husband's fame.

"I did my starving after I left home and went into Show Business," Hal relates. "Each of us has a pretty good realization of things and we often say, 'There but for the grace of God' . . ."

Success apparently hasn't changed Hal much. On a recent Tuesday when we met, I found he had a haircut date at 3 p.m., and I wondered if he had a set date every Tuesday to get barbered and perfumed for the program.

"My life's not that well regulated," Hal rubbed the back of his neck as men do when their hair is long. "I've gone about two and a half weeks without a hair cut . . ."

Of course the \$64,000 Question has changed many lives. Gino Prato, the musical cobbler, now flits around the country in a chauffeured limousine representing a rubber heel company.

"Why should it change me?" asked Hal. "I didn't answer any questions—I just asked them."

Actually, it's brought him many opportunities. On July 15, he's starring in an NBC spectacular, "The Bachelor." He'll star in a Broadway show, "The Brass Section," in the fall. He's just turned down a role in a spectacular based on the play, "A Bell for Adano."

He wanted the Fredrick March, or Major, role; he was offered the Sergeant part, played on the stage by Everett Sloane.

"It's not because it's the starring part that I wanted the Freddie March role," Hal explained. "I think it's a part I could do better. Listen, I've starred in a couple of real bad ones."

Hal—who was tieless and wearing a sports shirt under his jacket the day we lunched at the Warwick Raleigh Room—has one little problem about m.c.'ing the big quiz show.

"I want them all to win," he said. "I give the contestants too much time and I unconsciously coach them. But how can I help it? Money is a very dramatic thing. I'm sure if you had a \$64,000 hunk thrown at you, you would find it exciting."

On an early program, contestant Paddy Keough was asked who stopped Joe DiMaggio's hitting streak.

"Come on, Paddy," Hal pleaded. "DiMaggio was knocked off by whom . . . by whom . . . by whom . . . by whom . . ."

"By Jim Bagby, Jr.!" said Paddy, responding to the clue Hal'd given him. Hal was convinced he'd done right; that Paddy knew the answer and only needed a little priming.

There've been moments of ecstasy and also of tragedy such as when Bob Bennett, a dry goods clerk, went for \$64,000 and blew it. "He told me," Hal said, "that \$62,000 represented 10 years' work to him."

Hal feels the program can run for seven or eight years. The cost to sponsors, including time, is averaging \$85,000 a week, which is comparatively little. Hal says the race horse and stock market experts on the program have never given him any tips. Gino Prato, "Just made me a beautiful pair of black shoes. The second week he was on the show he said he would. They just came—after all, since that time, he's been pretty busy."

THE WEEK-END WINDUP . . . "DON'T PRINT THAT!" A top crooner credits his current hit record—his first in years—to the fact he polished off a quart of Scotch at the recording session and didn't know what he was singing. . . . A famed actor took his date to P. J. Clark's, ran up a \$440 tab and left a 10 per cent tip—44 cents.

You think YOU got ticket troubles? The "Most Happy Fella" producers, who sold the May 22 performance to a theater party, have to try to buy back 15 seats for the Pres. of Indonesia. . . . Myron Cohen's been asked to whip up a humorous autobiography. . . . Jean and Gerardo, a popular N.Y. dance team, go into London's Savoy next month. . . . A new version of the Bloody Mary—the blonde Mary—claim juice and vodka.

The Maurens have landed! Maureen O'Hara's ex, Will Price, dated TV writer Maureen Toomey at the Cafe St. Denis. . . . John Wayne's son Pat is being set for movie starring roles. . . . Martha Hyer's hottest interest is Dr. Robt Hamilton of San Francisco. . . . The Maurens Club's Ed Wynne sent trays of hors d'oeuvres to the "sidewalk superintendents" watching the Seagram Bldg. going up nearby.

WISH I'D SAID THAT: "The most disillusioned girls are those who married because they were tired of working." — F. G. Kernan.

TODAY'S BEST LAUGH: Someone mentioned the actor who was cured of insomnia, and got so excited about it he could not sleep all night.

Around Town

with Hildy Crawford

"That Certain Feeling" in Palm Springs . . . is something woven into the fabric of Village life . . . and is something Villagers carry in their hearts wherever they go . . . It's a love of mountains and desert . . . and a composite of all the things that make up life in Palm Springs . . . Days can be casual and leisurely or devoted to strenuous sports . . . and in the evening, when the palm trees light up Palm Canyon Drive, there is the glamour of the night spots . . . For some it is a party town and the balls and soirees that mark the winter social season are smartly sophisticated . . . and the costume affairs, chuckwagons and brunches . . . the informal poolside parties are colorful affairs . . .

There's a certain feeling about Palm Springs . . . that is shared by Villagers and visitors . . . that this is something special . . . It's a feeling that this is a place we love . . . and those who leave, even for a few weeks or months . . . have a feeling of nostalgia that brings them back . . . When you get right down to it . . . it's that old "sand-in-the-shoes" feeling . . .

All over the country people who know Palm Springs will be feeling that certain feeling this week . . . for they will open their Satevepost and stumble on the Cadillac ad . . . and, in spirit, they'll be back here . . .

Featuring a big red Cad . . . the picture was shot poolside at the Racquet Club . . . and Charlie Farrell is recognizable among the figures in the picture . . . It's another fine bit of Palm Springs publicity . . . a \$400,000 advertising campaign that will appear in all the leading magazines . . . and credit for the coup goes to Ed McCoubrey . . . He has a certain feeling for Palm Springs, too . . .

The luncheon table stretched the length of the Thunderbird dining room . . . to accommodate the close-to-forty guests at Joan Bering's farewell party on Thursday . . . Maggie Hicks looked down the table thoughtfully and commented . . . that she still thinks there are more blondes and redheads . . . than there are brunettes at Thunderbird this season . . .

Representing the brunettes was Maggie, herself, Kay Oberberg, Velma Dawson, Nancy Kiner (her haircut was the shortest), and Helen Kenaston, whose black hair is interestingly flecked with silver . . . Janice Chiquine's silvered locks and Marcia Barrett's chic silver and black, Lillian Thomas' blue-white, and Mildred Schill's which is pure white in front and a brown and white blend in her chignon, added variation to the

brunettes . . . At the other end of the chromatic scale, representing the blondes, were Judy Howard, Robin Barnes, Jane Wade, Dorothy Gray (her "Private Secretary" haircut for the Racquet Club TV party was so becoming she kept it) . . . and Vicki Malouf, whose hair is really almost a honey amber . . . Redheads were B. J. Sanchez and Pearl Thrasher (Pearl's blue-blue eyes were matched by her dress) . . . Looking down the table . . . concentrating only on the color of hair . . . it was a fascinating array . . . Joan greeted her guests in the lounge . . . and served glasses of champagne punch from a big punch bowl . . . before the luncheon . . . which was one of the last at Thunderbird this season . . .

Among other guests were Phyllis Froggatt, Ruth Manseau, Margaret Manasse, Lois Wright, Lucy Long . . . Peggy Lester, Emma Gale, Isabel Prom, Ella Dyer, Blanche Dulany, Daphne Tuma, Marj Pohl, Madelyn Funsinn, Delphine Weimar . . . Mrs. James Welsh, Mrs. Victor Hugo-Vidal and Mrs. Kenneth Evans, Mrs. Eric Stainton and Mrs. Bramer and Mrs. Lester Callahan . . .

Mrs. Mitchell Elected by P-T Group

Mrs. Earle L. Mitchell was elected president of Katherine Kinchy Parent-Teacher Group, at the annual election Wednesday evening. She succeeds Mrs. Henry Tuttle in the presidency.

Other new officers are: 1st vice president, Mrs. John L. McMichael; 2nd vice president, Mrs. Shelby Wegner; 3rd vice president, Mrs. Thor Fredericksen, Jr.; corresponding secretary Mrs. Patricia Rogers; recording secretary, Mrs. Warren Strebe; treasurer, Mrs. Bernard Malin; civics chairman, Mrs. Culver Nichols; Room Mother chairman, Mrs. Frederick Moe; publicity, Mrs. Frank Hammerschlag; ways and means, Mrs. Russell Hills; hospitality, Mrs. Eduard Tomke; parliamentarian, Mrs. William Blondon; teacher representative, upper grade, Miss Eddie M. Dalton; lower grades, Miss Violet Peake. The new officers will be installed next fall.

A luncheon at the Ranch Club yesterday honored the retiring president Mrs. Henry Tuttle and her board of directors. Both Mrs. Tuttle and Mrs. Herbert King, long-time member of the board, whose child is graduating into Junior High School this year, received gifts of appreciation from the board.

Bbobluk Course . . . After that Milt will join his family in Denver . . .

Nancy Kiner and the children, Michael and Scott, go to San Diego for the summer baseball season . . . Ralph is already there . . .

As is to be expected, there is a lot of golf mixed up in the summer plans of Velma and Johnny Dawson . . . They go to Chicago first for the National Amateur . . . then to the Trans-Mississippi . . . and from there to the Broadmoor Invitational in Colorado . . . They will wind up with a month at Silverado Country Club in Napa, California . . .

Vicki Malouf was telling friends that she has sent in her resignation to the Playhouse Guild . . . and withdrawn her name from the slate of directors for next year . . . Vicki's resignation, following those of Theodora Fleming, Margaret Manasse, Pearl McManus and Homer Hilton, means the loss of another active worker for the Guild . . . She has headed the ways and means committee this year . . . and was chairman of the successful style show luncheon . . . The resignations, coming just before the annual meeting, which will be held Monday . . . would seem to indicate a drastic change in the Guild organization . . . as this is a loss of five of the most active leaders . . .

After singing the farewell song to the Senior girls, the group were guests of Irwin Schuman and watched the floor show in the Starlite Room.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK (AP)—Walter Hagen, the first of the popular golf professionals, always was a man who believed in high life, liberty and the happiness of pursuit.

"The Hag" ever had a bright eye for the "pitch-and-run" contours of puerility. Like most devotees of the 19th hole, Sir Walter appreciated what he calls the "hoot" or the "hypsonica," known variously as a belt, jab or snort.

"I usually just had chance to squeeze the money for luck before going out and rounding up another batch," he reminisces in his new biography, "The Walter Hagen Story."

MONEY, TO HAGEN, was something to spend on the theory that you're only here on a short visit and you might as well smell the flowers. His check for \$375 when he won his first British Open gave to his caddy. Earning \$3,000 in Canadian exhibitions, he threw a party after which he borrowed enough to get back across the border.

"I never wanted to be a millionaire," he says in this bubbling book. "I just wanted to live like one."

Which he did, and still does. YET GOLF OWES him a tremendous debt. No man ever did more to popularize the sport and it was Sir Walter who broke the snobbery which excluded the professionals from the clubhouse. En route, he piled up a host of notable "firsts."

He was the first man to play a match using wooden tees instead of a pinch of sand; the first to play before a paid gallery; the first who needed ropes to control a gallery; the first whose knickers were pressed with creases down the sides; first and only American to win the British Open four times; first to manufacture clubs bearing his name, and the first and only man to bring a bottle of champagne through customs in the British Open trophy case.

HE REGARDS the British Open with reverence, contending, after playing 3,000 courses from Australia to Zanzibar, that "No golfer is a true champion until he has won the British Open by conquering those windswept, seaside links."

Here is a man who sliced so badly when he started that "I was in the woods so constantly I began carrying a hunting license." Yet in 1921 he shot a 62 which wasn't matched competitively for 24 years; once used only seven putts for nine consecutive holes; beat the immortal Bobby Jones 12 and 11 at match play and won two U.S. Opens, four British Opens and five PGA championships, four of the latter in a row. Once someone said to him:

"You have to be lucky to win a big tournament."

"That's right," Hagen said, "if you only win it once!"

SOME OF the great Hagen stories are passed over in his book but he does reveal that he began playing under the name "W. C. Hagen" and changed to Walter because the British galleys nicknamed him "water closet."

But maybe he should have stuck to "W. C." It also stands for "world champion," and no sport ever had a better one.

BATTLE TO DRAW
LOS ANGELES (AP)—Dave Gallardo, of Los Angeles, and Larry Vasquez, of San Francisco, battled to draw Friday night in a 10-round intended to decide the California featherweight championship at Wrigley Field.

Robinson Wants Basilio as Next Title Challenger

Champ Elated by 'No Fluke' Kayo Victory

Floors Olson in Fourth To Retain Middleweight Title

By JACK CUDDY
United Press Sports Writer
LOS ANGELES (AP)—Champion Sugar Ray Robinson, elated at his "no fluke" knockout over Carl Bobo Olson in their return middleweight title fight, said today, "I would like to make my next defense against Carmen Basilio in New York."

The 35-year-old Ray, who again flattened ex-champ Olson Friday night, before 20,000, at Wrigley Field, explained, "Chairman Julius Helfand, of the New York Boxing Commission asked me to make the New York defense, and I would like to do it." Basilio of Syracuse, N.Y., is an ex-welterweight champ.

RAY ADDED, "Maybe I'd really get a chance to show whether my legs are gone against Basilio." He said he didn't get a chance Friday night because his right to the body and terrific left hook to the chin, knocked out San Francisco's Bobo at 2:51 of the fourth round.

Coincidentally, it was at 2:51 of the second round in Chicago, last Dec. 9, when Robinson climaxed his comeback campaign by recapturing the middleweight crown for the second time on a kayo over Bobo.

THAT DECEMBER ending came so quickly and unexpectedly that many boxing men considered it a "fluke." Accordingly, Ray and Bobo went into the ring at "even money" for their scheduled 15-rounder at sunset Friday. There was so much uncertainty about the outcome that an estimated 20,000 fans paid an estimated \$200,000 gate. The state's richest fight Friday was additionally aided by \$100,000 from radio and television.

CHAMPION and challenger were guaranteed \$75,000 each by the Hollywood American Legion Stadium which promoted the bout. Each had the privilege of taking 30 per cent of the net receipts if they exceeded the \$75,000 guarantee. The estimates indicate that 30 per cent would be about \$78,000.

Both Ray and Bobo need their purses badly. Robinson owes the government \$81,904 in back taxes, and Olson's wife announced Friday a separate maintenance suit that will tie up and perhaps absorb all his assets.

FRIDAY NIGHT OLSON, scaling 160 pounds to Robinson's 159½, was just beginning to come on well in the fourth round when the cloudless sky fell on him.

In the fourth session, Bobo was warned for the second time in the bout because he insisted on keeping the top of his head in Robinson's face. Bobo landed a hard left hook to the head then a right to the temple that knocked the champion sideways. He followed with a right and left to the body as an exchange started.

Then wham! Robinson shot a straight right to Bobo's body, and boom! — a left hook to the head that dropped Bobo on his back on the canvas. He rolled over and tried to get up, but was only half sitting when counted out.

"It happened so fast, I don't remember anything about the knockout," Olson explained glumly after the fourth knockout and ninth defeat in his career of 75 fights. It was Robinson's 137th victory and 90th knockout in his remarkable record that includes but four defeats in 145 bouts.

EVERY NIGHT OF THE WEEK MOM GREETED POP WITH A LONG LIST OF COMPLAINTS ABOUT BRATINELLA—

Redlegs Halt Dodgers with Booming Bats

Ersine Routed By Cincinnati; Yanks Increase Margin

By FRED DOWN
United Press Sports Writer
Those slugging Cincinnati Red-

legs had the Brooklyn Dodgers convinced today they "just ain't got no respect" for world champions or a double no-hit pitcher.

In the process, Birke Tebbetts' "window breakers" also are proving they can beat the Dodgers at their own game — by out-homering them.

The Redlegs proved all three points Friday night when Ray Jablonski's second homer of the game gave them a 7-6, 10-inning victory over the Dodgers. It was the third time in as many meetings this season that the Redlegs beat the world champions and the game marked the second time that Carl Double No-Hit Ersine failed to go the distance against them.

ERSKINE, MAKING his first start since he pitched the second no-hitter of his career last Saturday, was routed in 2 1/3 innings as the Redlegs built up an early 6-3 lead.

Brooks Lawrence, who had a 3-8 record with the St. Louis Cardinals last season, received credit for his fifth triumph without a loss although he needed help from Hershel Freeman. Wally Post also homered for the Redlegs, taking over the National League lead with a total of 10.

The Philadelphia Phillies received a tremendous lift when Curt Simmons hurled his best game since July 6, 1954 in beating the St. Louis Cardinals, 4-2, and the Chicago Cubs shaded the Pittsburgh Pirates, 3-2 in other N.L. games.

IN THE AMERICAN LEAGUE, the New York Yankees opened a 2½-game first-place lead when they beat the Chicago White Sox, 8-7, in 10 innings and the Washington Senators downed the second-place Cleveland Indians, 5-4, in 11 frames.

Jackie Jensen's tworn triple sparked the Boston Red Sox to a 5-4 victory and dropped the Kansas City Athletics into the AL cellar.

The Detroit Tigers rallied for three runs in the ninth, with the last tally crossing on Gus Triandos' throwing error, to beat the Baltimore Orioles, 3-2.

Sports Car Run Set for May 27

Earle Grace, president of the Palm Springs Sports Car Club this week reminded members of the organization that the annual Al Williams Economy run will be held Sunday, May 27.

The start will be at 10 a.m. from 900 North Palm Canyon Drive. Valuable prizes will be given in all three classes of the event.

Needles Favored to Win Preakness
BALTIMORE (AP)—Needles ruled a 4-5 favorite to add the \$132,800 Preakness Stakes today to his Kentucky Derby victory on his march toward the turf's "triple crown."

Fabius, Come On Red, Count Chic, No Regrets, Eiffel Blue, Golf Ace, Ratheram and Fleet Peet completed the nine-horse field for the mile and three-sixteenths race—worth \$64,250 to Needles if he wins.

CITATION

NASHUA

NASHUA'S BIG CHANCE to become the leading money-winning horse of all time comes today. If he wins the \$30,000 added Camden Stakes at Garden State, he'll top Citation's earnings

in purses. Nashua started the race just \$8,145 short of the \$1,085,765 won by Citation during his active career. (Int'l)

Four Minute Mile Facing Another Test

BERKELEY, Calif. (AP)—The four minute mile gets another test here today when Jim Bailey, the Australian star running for University of Oregon, and Bobby Seaman, the little speedster from UCLA, clash in the Pacific Coast Conference meet.

Never before in history have two collegians had such a good chance of cracking the four-minute barrier—although the University of California's Edwards Field isn't noted as a fast track.

But Bailey, off his astounding 3:58.6 mile in Los Angeles when he beat John Landy, has to be favored to win over Seaman, who has been clocked in 4:01.7.

Both men are in tip-top shape and both have given indications they are ready for a try at the once-upon-a-time mythical barrier.

Favor Nashua to Become Biggest Money Winner

CAMDEN, N.J. (AP)—Nashua, horse racing's "Mr. Millions," was an odds on choice today to become the biggest money winner in turf history.

The four-year-old bay thoroughbred, who in a little more than two years of racing has earned more money than most people do in a lifetime, faced four other handicap horses in the \$30,000 added Camden Handicap at Garden State Park.

If he wins—and he was a 1-2 favorite in the overnight line—Nashua will pick up \$22,750, which would put him ahead of Citation's record earnings of \$1,085,765. Thus far, Nashua has won \$1,077,615, \$18,145 shy of Citation's earnings. But he has to win today to make turf history, for second place in the Camden is worth only \$6,000.

Volleyball Loop to Start in June

Second annual Summer Volleyball league will get under way about June 15, Howard Haddock, City Recreation Department superintendent, said today.

Three courts will be set up at the Rodeo Grounds and games will be played each Monday night. The league will be limited to eight teams and Haddock asked any who desire to enter to contact him at 2202 soon.

SANTEE PLANS APPEAL

QUANTICO, Va., (AP)—The "Wes" he might drop his appeal plans if the AAU, between now and the re-opening of the courts in September or change some of its "antiquated" rules on expense money.

Santee, holder of the American mile record of 4:00.5, was suspended from racing by the National Amateur Athletic Union on charges of accepting about \$1,500 in "excessive" expense money for track meets in which he competed last year.

The Marine Corps star contested the AAU action in New York State Supreme Court, but last Tuesday Judge Walter A. Lynch decided against him. However, he said

The Good...and...The Bad

IN THE WEEK'S NEWS
By UNITED PRESS

The Good

1. Soviet Russia's latest move in its sweetness and light campaign fell flat. The Kremlin announced it would reduce its armed forces by 1,200,000 men.

Allied leaders recognized it at once as an obvious attempt to weaken their defense cooperation. Secretary of State John Foster Dulles said that by putting the demobilized men into industry and agriculture the Soviet government might increase its war-making power, not reduce it.

Gen Alfred M. Gruenther, Allied supreme commander in Europe, said that the promised reduction would not lessen the might of the Communist bloc because of the development of nuclear weapons and other new instruments of destruction.

French Premier Guy Mollet, arriving in Moscow for a state visit, announced firmly as soon as he stepped from his plane that France will remain faithful to its alliances.

2. President Sukarno of Indonesia, a leading "neutralist," made a good impression on his arrival in Washington to visit President Eisenhower.

No important agreements were expected. But hope in Washington was that Sukarno's suspicion of the "imperialist" West might be softened.

3. Independence negotiations in London between Britain and delegates from its crown colony of Singapore were saved temporarily at least—from collapse.

The negotiations broke down because of Britain's insistence of keeping control of internal security. The conference was formally ended.

Later, David Marshall, Singapore's chief minister, announced that he wanted to resume the talks and make new proposals.

The Bad

1. Communist China scored two important successes. Great Britain announced that it intended to relax some of its restrictions on the shipment of strategic goods to the Reds.

These restrictions had been imposed by the Allies because of the Peiping government's aggressive policies. Prime Minister Anthony Eden had tried vainly for months to get the United States to agree to a relaxation.

Because of Britain's desperate need of foreign trade, Eden decided to go ahead on his own.

2. The second success was the recognition of Red China by the Egyptian government, leader of the Arab nations in the Palestine dispute. It was reported that other Arab countries might follow Egypt's lead.

3. The pro-Greek revolt in Cyprus continued unabated.

Anger in Greece, which wants Britain to give up the island, blazed after the hanging of two Greek Cypriots convicted as assassins.

The British ambassador in Athens was warned, because of the possibility of "personal danger," to stay away from a reception for visiting West German President Theodor Heuss.

3. French troops fought full scale battles with Arab rebels in Algeria. Bitterness intensified not only between the French and the rebels, but between the rebels and the Jewish population.

French civilians killed six Arabs in Algiers. Fifteen Jews were wounded by a bomb thrown into a cafe.

There was no indication that a basis might be found for negotiations by which France might grant home rule to Algeria and end the rebellion which is draining men and money from it.

Research Officer First Victim of H-Bomb Trials

ABOARD USS MT. MCKINLEY AT ENIWETOK, Sunday — An Air Force research officer has apparently become the first victim of the present nuclear tests at the Pacific proving grounds.

Officials of Operation Redwing announced that Capt. Paul M. Crumley, who served at the Air Force Special Weapons Center, Kirtland Air Force Base, Albuquerque, N.M., was missing and presumed dead.

Crumley vanished after parachuting from a disabled twin-jet Martin B57 bomber at 20,000 feet over the Pacific Friday morning. The pilot of the plane, Capt. James E. Hall, 29, of Blytheville AFB, Ark., also parachuted but was rescued unharmed.

Illness is Fatal to Gustav Berg

Gustav Adolf Berg, 69, 454 Camino Notre, died Friday morning at his home following a long illness.

A native of Sweden, he had been a resident here four years and a Californian 50 years.

Funeral services will be held at 11 a.m. Monday, from the Welch & Ryce chapel in Santa Barbara, with the Rev. Richard F. Ayers, pastor of the Santa Barbara Episcopal Church, officiating. Interment will be in Santa Barbara cemetery. Wifely and Son Mortuary was in charge of local arrangements.

Survivors include his widow, Genevieve Berg; two daughters, Mrs. Virginia Sculley of Van Nuys and Mazie Terrell of Playa del Rey; four sisters, Mrs. Gus Burkett, Ojai, Mrs. Alfred Jacobson, Long Beach, Mrs. Kenneth Ahlman, Santa Barbara, and Mrs. August Tray, Oakland, and four grandchildren.

Pork was eaten at the rate of 66 pounds per person in the United States in 1955, an 11 per cent increase over 1954, according to the U.S. Agriculture Department.

Village Gets First B'nai B'rith Lodge Sunday

Charter of a new lodge in Palm Springs, B'nai B'rith, the world's largest and oldest Jewish service organization, will be installed at a dinner-dance Sunday night.

New officers of the Palm Springs lodge, number 2,078 will be installed following a dinner which will be held at Deep Well Inn Hotel dining room at 7 p.m.

Robert Farr will be installed as founding president. His officers include Hy Finerman, Allan Harris and Lew Levy, vice presidents; Theodore M. Lanthier, Frank J. Malter and Merle Wasserman, secretaries; and Sol B. Forman, treasurer; Dr. Harry Binzer, chaplain; Sam Franks, guardian, and Al Siroi, warden. Western States B'nai B'rith vice president Arthur Wolpe, and Judge David Coleman and David Coleman (both past presidents of the district) will be installing officers.

Actor Jerry Lewis Goes to Hospital for Heart Checkup

HOLLYWOOD — Comedian Jerry Lewis underwent tests Saturday at Mt. Sinai Hospital to determine if he is suffering from a heart condition.

Lewis, the zany partner of Dean Martin, was ordered hospitalized Friday after he complained of a pain in his chest. His physician said the actor's condition was not serious.

Gleason, Topped by Como, Will Junk Filmed 'Honeymooners' for Old Show

NEW YORK — Jackie Gleason bowed today to the pressure of competition from Perry Como and said he would fight back next fall with the old show that made him television's top banana.

The fat comedian said he will junk his filmed, half-hour "Honeymooners" sketch on CBS-TV at the end of the current season and revive the Gleason characters that made him an overnight sensation a few years ago.

These characters were "Reggie Van Gleason," "The Poor Soul," "Charlie Loud Mouth Bratton," "Joe the Bartender" and "Rudy the Repairman."

Gleason sidetracked these creations last year when he was riding high as television's top comic and decided to limit his work to a shorter, filmed version of "The Honeymooners," a situation show built around a bumbling bus driver, his shrewish wife and a sewer worker.

He will include "The Honeymooners," with Audrey Meadows and Art Carney, in next fall's hour-long show, but it will be presented "live" instead of on film. Gleason put "The Honeymooners" on film last fall after signing a contract, which he described at that time as an \$11 million deal, with an automobile sponsor for two years.

Villager Hurt in Auto Crash

Joe Batugo, 40, 485 East Arenas Road, remains in a serious condition in Casita Hospital in Indio this morning as a result of injuries suffered in an accident at 1 a.m. Friday on Highway 99 three miles inside the Imperial County line, which claimed the lives of two other men.

Fatally injured were Charles W. Greene, 39, South Gate, and Sidney W. Ingham, 32, Lynwood, who were in the other car. Batugo was alone, heading north toward Palm Springs.

Mission Inn in Riverside Sold

RIVERSIDE — New owners of the Mission Inn will take possession of the famous Southern California landmark June 1. It was announced today.

Sale of the Inn to the Fairmont Hotel Co. of San Francisco was announced Friday. The purchase price was not disclosed.

CHP officers said the southbound car being driven by Greene was found to have been on the wrong side of the center line at the time of impact.

Line Was Omitted in Harry Oliver Column

Brevity backfired yesterday. In Harry Oliver's column, one line omitted left the story meaningless.

The story, "Darn Near Miss 'Em," should have read: "A big buck Indian had just ordered a ham sandwich at a drug store and was peering between the slices of bread when he turned and said to the waiter: 'Ugh, you slice 'em ham?' The waiter replied: 'Yes, I sliced the ham.' 'Ugh,' grunted the Indian, 'you darn near miss 'em.'"

Gannon Firm Sells 7 Homes in Week

The really firm of George Gannon and Associates said today it had enjoyed a banner week with seven homes sold.

George Gannon reported, they ranged in price from \$18,000 to \$25,000. Four were in the vicinity of El Mirador Park and three in the Tachevah and Buena Vista neighborhood.

"We also obtained two construction jobs for homes in the El Mirador Park area," Gannon added. All of the homes were erected by Jack Meiselman, developer of many subdivisions in Palm Springs in recent years.
